CFE ACADEMY Webinar

As a result of the digitalisation of the economy, in particular during and post the COVID-19 crisis, businesses are increasingly conducting their projects online. In addition, business relies on cross-border aspects of advice as well as multi-national initiatives that require international legal expertise and tax advice, within the European Single Market and more widely. Professionals need even more clarity on the application of cross-border tax rules in the post- COVID digital reality.

To clarify these issues and discuss these and many other questions of topical interest for tax advisers, CFE Tax Advisers Europe, in partnership with the Consiglio Nazionale dei Dottori Commercialisti e degli Esperti Contabili, is pleased to invite you to an exclusive CFE Academy Concluding Webinar, held in the context of the CFE Academy E-Learning Project.

This webinar will take place on Thursday 28 May 2020 at 2:30 pm CEST and will focus on International Tax Law & Policy, covering the most important issues for tax advisers in the context of growing digitalisation and uncertainty.

Places are limited!
